CONUS CABLE GLANDS

These glands are economical, screw type glands used for round and flat cables for normal applications.

Technical Details :	
Material	Polyamide 6
Colour	RAL 7035 (Light Grey)
Protection Class	IP 54
Sealing Ring	Poly Vinyl Chloride (PVC)
Pressure Washer	Poly Propylene (PP)
Temperature Range	-30°C to +80°C Continuous +150°C Intermittent
Threads available	Pg

Size	Cat. No. Light Grey	Thread Diameter (mm)	Thread Length (mm)	(mm)	Clamping Range (mm) For Round Cables	Standard Pack (pieces)
Pg 7	BD-11	13	8	15	3 - 6	100
